DISCOVER THE SPIRIT THAT SETS US APART

For international students, James Madison University (JMU) is an exciting destination, where the ideals of American education — first-class teaching, a rich campus life, and a strong sense of community — come together to offer an incredible experience.

JMU is surrounded by the beautiful mountains of Virginia's Shenandoah Valley, just two hours from the nation’s capital of Washington, D.C. We are a large university with approximately 20,000 students, yet offer a safe and hospitable environment with a family feel and a strong culture of community.

We want all students to succeed and believe that our partnership with Study Group creates a friendly environment where our students can improve their English language skills while also taking courses in our academic programs. All students take courses in our General Education Program, which offers a liberal arts foundation that will help you to think in different ways as you solve problems and address issues in the world today. We also offer a wide variety of excellent academic majors. Our faculty members are devoted to teaching, guiding research, and mentoring as you develop as a scholar and mature as a human being.

Jonathan R. Alger, J.D.

I feel like JMU is different to other universities because of the atmosphere. It's the university spirit and you get really involved and participate in a lot of events; you’re free to do everything you want. There’s a lot of clubs, organizations, which are led by other students.”

I remember coming on campus as a freshman and not really knowing where I was headed in terms of career. But now I think that through the guidance of professors and mentors and the people that you meet, I have developed myself professionally and how really been able to narrow down what it is I want to do in the future. I think that JMU does that to everyone in their own way. We really are shaped as Dukes but we leave campus absolutely stronger.*

JMU has so many opportunities for students to get involved. They have all the facilities and resources. I’m involved with intramural sports playing football, which I thought was soccer in the first place! I’m also in the Professional Business Fraternity, where I get to meet so many people and expand my network here at JMU and the College of Business. I’m also involved with different cultural organizations. As I’m Vietnamese I joined the Vietnamese Organization, where I get the chance to participate in culture shows.”

As soon as I transferred from the ISC to JMU, we started taking classes with American students. The ISC prepared me for that, because otherwise it would have been overwhelming for me. I really appreciate that I didn’t have to compete with native speakers, that one year gave me the opportunity to adjust to the new atmosphere and find myself.”
